2. NUTRITION ACTION NEWS: LANGUAGE ARTS
Grade Level – 2nd Grade & 3rd Grade

E: How do I write a story using Beginning, Middle, and End and Point of View?

A: Begin instruction by showing students the Jump with Jill Nutrition Action News: www.jumpwithjill.com/watch/watermelon-bandits/

T: Ask students to recall what happened in the video story.

• Have a short discussion recalling events that occurred.
  • Discuss the event in the news story that made everything else happen. Students can recall that the Watermelon Bandits were stealing watermelons. This is the inciting incident, or the “hook,” which turns an unrelated series of events into the reason that a story is worth telling. In Activity 1 Summarize Nutrition Action News, students write the already-established inciting incident in the proper place in the beginning column.
  • Classify the other events they listed earlier into beginning, middle, and end. This can be done independently, in small groups, or together as a class. If doing together as a class, the teacher can display a three column chart or post the activity sheet.
  • Introduce point-of-view by asking students if the characters in the video understood the story the same way.
  • Ask students to identify the two main points-of-view in the video (Reporter Jill & Vladimir Radulov).
  • Ask students why their points-of-view were different.
  • In Activity 2 Nutrition Action News Venn Diagram, classify the differences and similarities in Reporter Jill’s & Vladimir’s points-of-view using the Venn Diagram. This can also be done individually or in groups. If doing together as a class, the teacher can display a Venn diagram or post the activity sheet.
  • Remind students that there are many ways to receive news.
  • Ask how we got the news of the Watermelon Bandits story? (video or broadcast news). In Activity 3 Convert the Story, students will convert this story into a written news article. This worksheet can be posted or passed
out and completed using the instructions at the top, or the teacher can talk students through each step.

• To prompt students to change the medium of the story, talk through the four steps:
  1. Ask students to brainstorm the names of some local or national newspapers/sites. Students can be creative with making their own newspaper title.
  2. Ask what is a Headline? (A title for a news article that summarizes the event in several words). Students write their own headline for the Watermelon Bandit Story.
  3. Instruct students to fill in the blanks of the body of the article about the Watermelon Bandits.
  4. Instruct students to draw a picture that illustrates the event that happened.

• Have a few students read their news articles aloud.
• Explore the pros and cons of various news sources with Activity 4: Know Thy Source individually, in groups, or via a class discussion.

S: Instruct students to play the part of a tv broadcast reporter and tell a story with these same characters in front of the class or creating a video. Or, flip the script and make a video from the point-of-view of the other character they analyzed in the Venn Diagram in Activity 2.

**2ND GRADE:**

**REPORTER JILL**

- The Watermelon Bandits are destroying watermelon supplies all over the town, the country, the world!
- No where safe so I should probably just freak out.
- Nervous & upset Did not eat any watermelon.
- Remains worried even with a resolution.

**VLADIMIR RADULOV**

- The Watermelon Bandits are pretty fun to hang out with. They have a full supply of watermelon, cool outfits, and great music. In fact, this is more fun than what I was doing before.
- Cool & calm.
- Got to eat watermelon. Finds a resolution that works for him.

**BOTH**

- Watermelons are missing.
- The Watermelon Bandits are responsible.

① Disappearing watermelons

② Art by Willow Connell, 4th Grade

③ The Breaking News is that watermelons disappeared.

Foreign Correspondent Vladimir Radulov says the watermelon bandits struck again. He knows the watermelon bandits are guilty because they left evidence.

Vladimir disappeared from the scene, but has been found eating watermelon with the watermelon bandits.

The watermelon is delicious and safe.

Write 1-2 complete sentences to share your feelings on the following:

3. How does the experience differ for you when you watch versus read a news story?
   There’s more details in a written story. But watching gives you the added elements of sound and visual to help you feel what’s happening in a story and remember it.

4. How does the experience differ from a breaking news story versus a story that has already happened?
   A breaking news story is currently happening, so they are piecing the story together as you watch it. Something that has already happened may be a more complete story with a beginning, middle, and end.

5. How do news companies make money and how does it influence the content you see?
   Advertisements are targeted to who you are and what you’ve clicked on before. Sponsors pay news outlets to show their content to their viewers.

6. What are some ways you make sure what you are reading is accurate?
   Research who is quoted in the article to learn more about their background. Check the same story from different news outlets to help separate fact from opinion.
