

Watermelon Day

Build a Slice (Rind, Seeds and Juice Droplets)

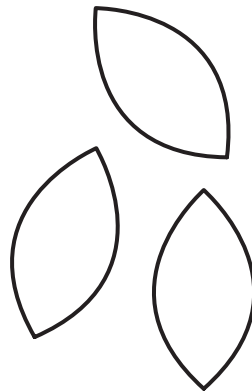

Page 1

Supplies

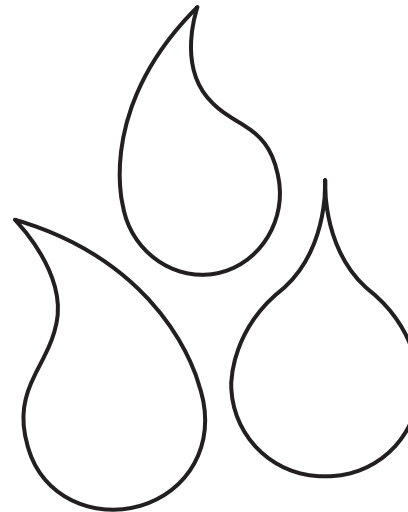

- Templates
- Scissors
- Pencil
- Red, green and black construction paper or cardstock
- White school glue

Directions

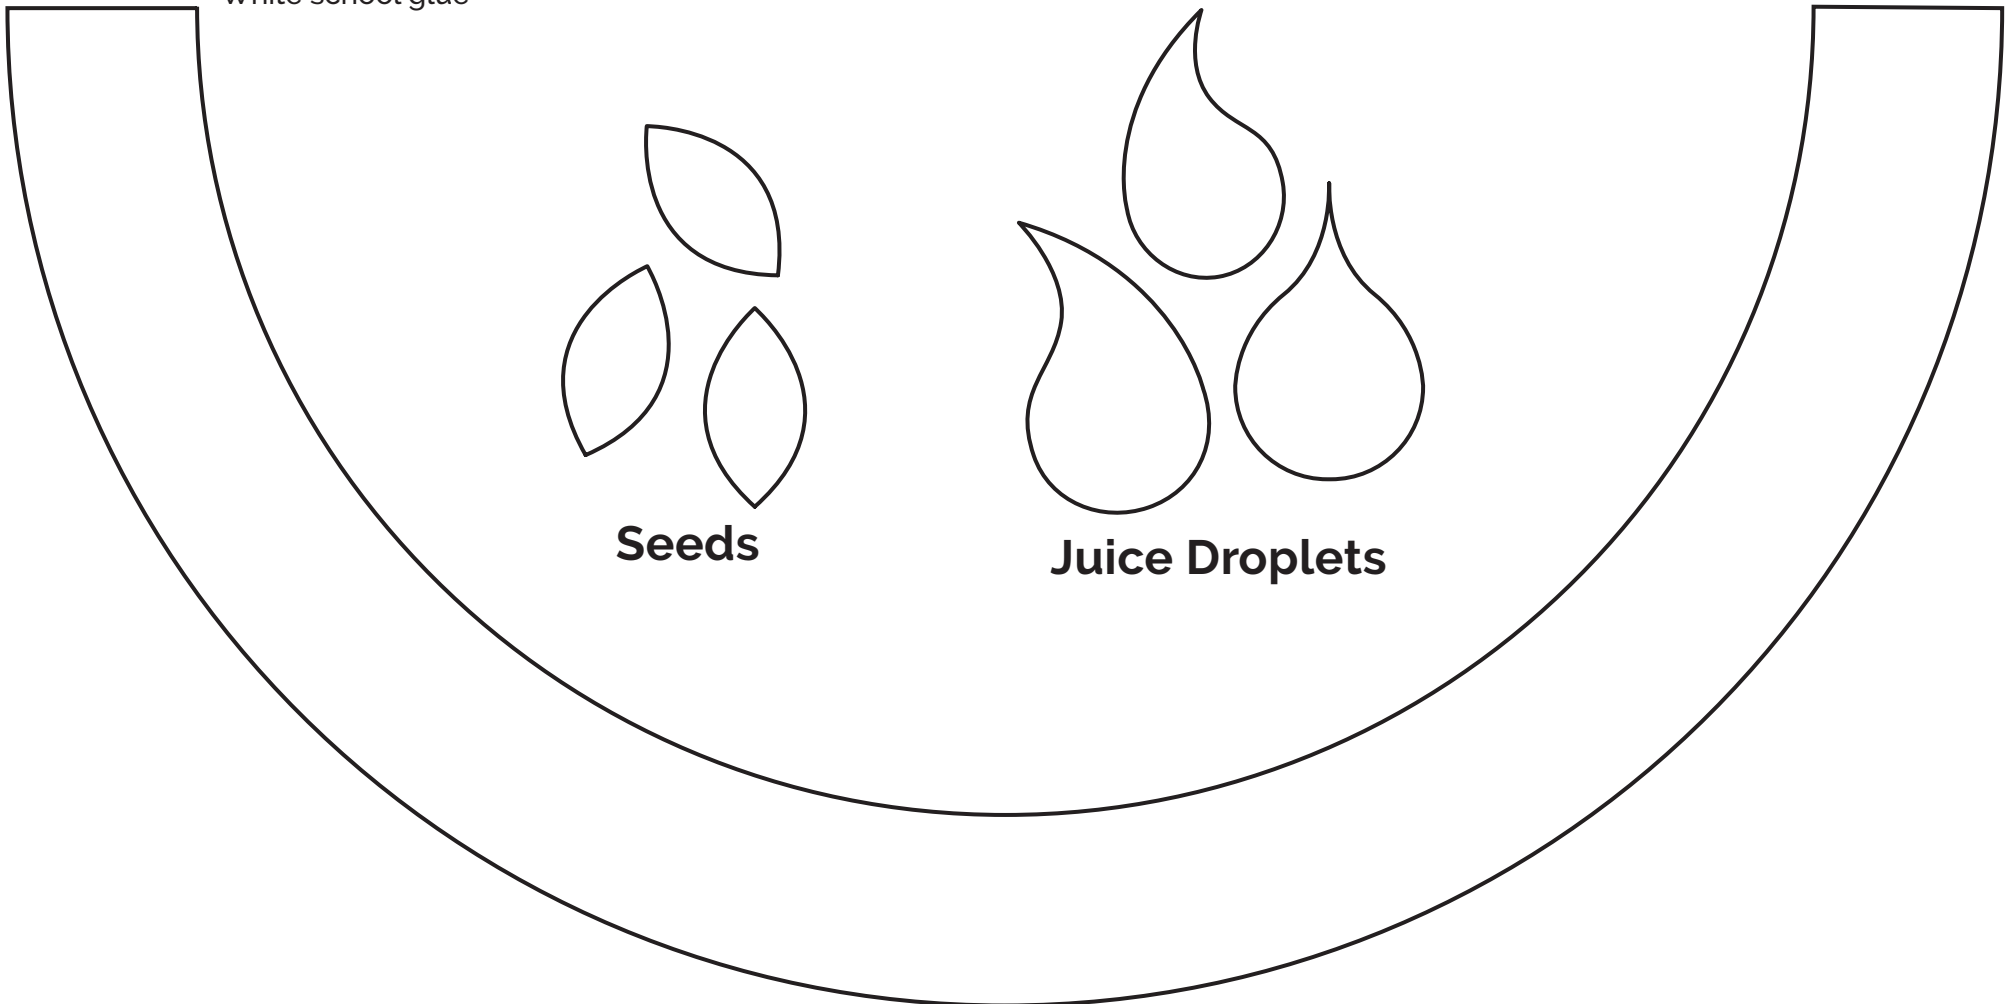

1. Print both pages of templates and cut out.
2. Trace rind onto green paper, seeds onto black paper and juice droplets and flesh onto red paper.
3. Give the watermelon pieces to kids and let them glue their slices together.
