

Watermelon Day

Crown 1

Crown Base

Base Trim

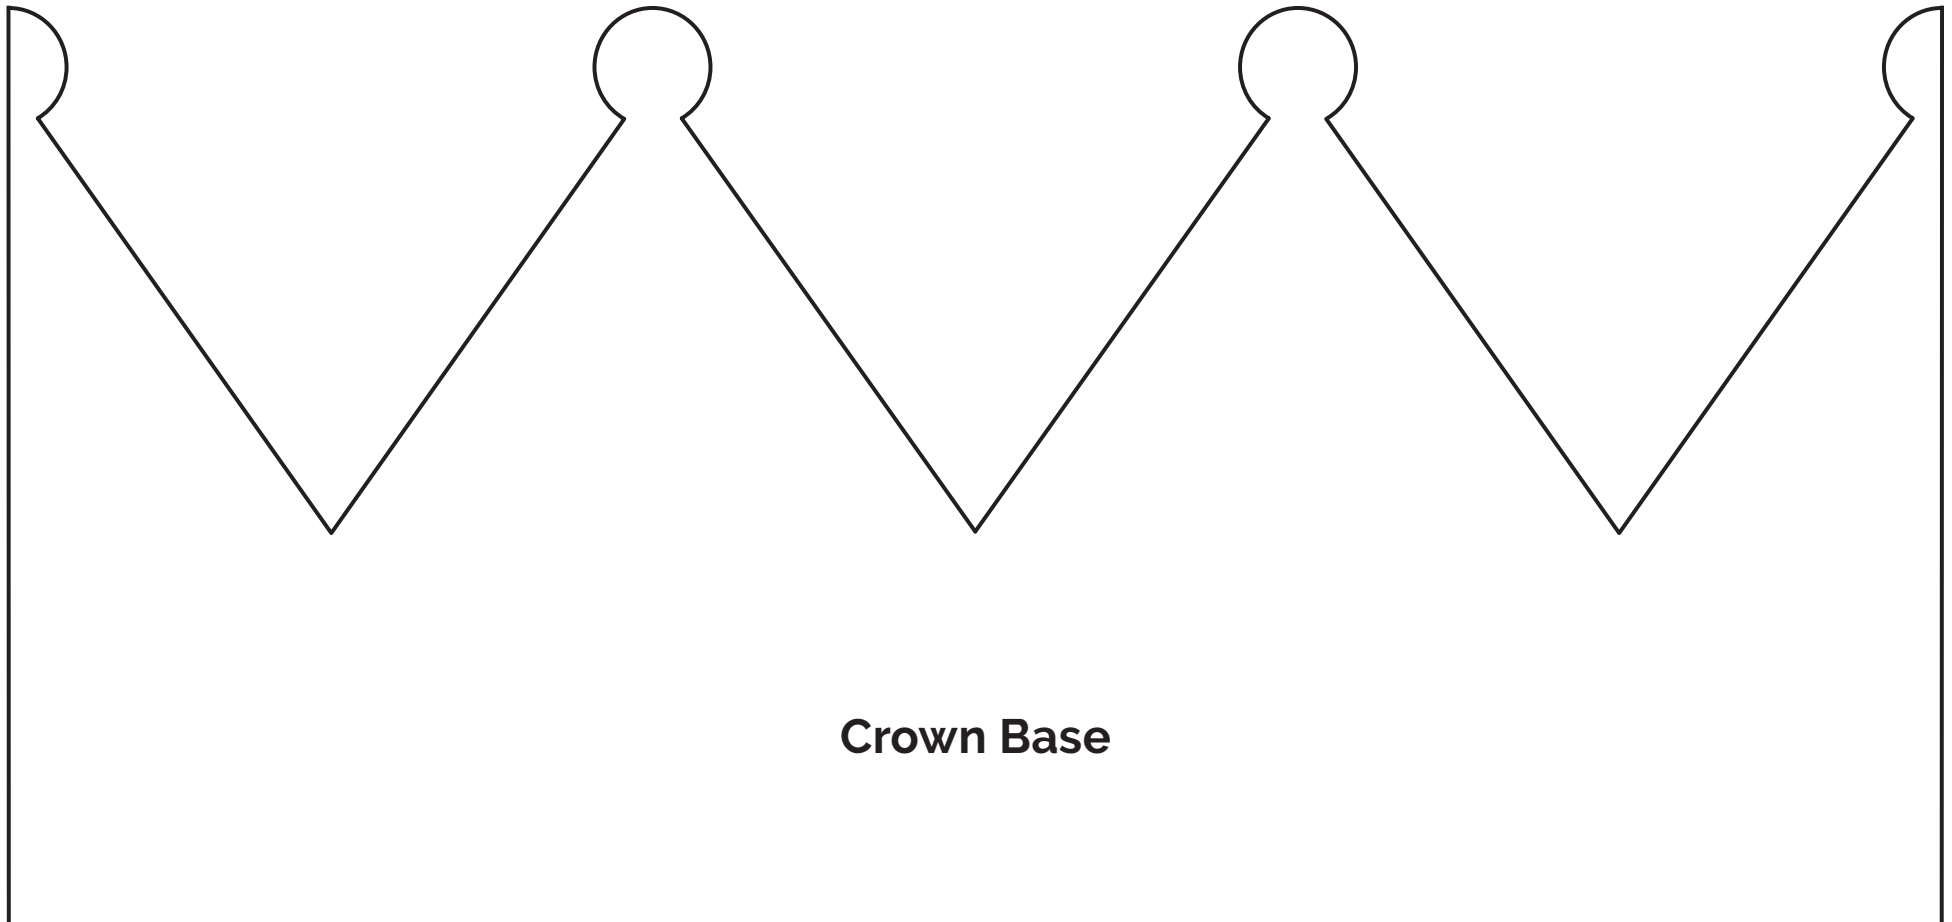

Slice Trim

Supplies

- Template
- Scissors
- Penc((
- Red and green construction paper or cardstock
- Transparent tape or clear school glue
- Black and green markers

Directions

1. Print and cut out crown base, base trim and slice trim templates.
2. Trace the crown base template onto three sheets of red paper. (This will give you enough length to fit crown around your head.)
3. Trace the base trim and slice trim templates onto green paper.
4. Slightly overlap the crown bases and tape together. Wrap crown around your head, mark where it overlaps and trim off any excess.
5. Draw seeds on the crown base and small stripes on the base trim and slice trim. Tape or glue base trim and slice trim to crown. Tape ends of crown together.

Crown Base

Base Trim

Supplies

- Template
- Scissors
- Pencil
- Red and green construction paper or cardstock
- Transparent tape
- Clear glue or hot glue gun and glue sticks
- Rickrack, ribbon, beads, jewels and glitter

Directions

1. Print and cut out crown base and base trim templates.
2. Trace the crown base template onto three sheets of red paper. (This will give you enough length to fit crown around your head.)
3. Trace the base trim template onto green paper.
4. Slightly overlap the crown bases and tape together. Wrap crown around your head, mark where it overlaps and trim off any excess.
5. Tape or glue base trim to crown. Glue rickrack, ribbon, beads, jewels and/or glitter to crown. Tape ends of crown together.
